Volunteers Needed to Serve on City Boards, Commissions and Committees Overview.

Boards and commissions are an established feature of municipal government which offers citizens an extraordinary opportunity to participate in a city's governmental affairs. Their activities have helped to shape or influence public policy in many areas. Thus, the City of Pilot Point has boards, commissions, and committees that endeavor to reflect the varied interests of Pilot Point's citizenry.

Several of the City's boards and commissions are required and established by state law, while others result from provisions of the City Charter or from local ordinances. They address such subjects as planning, zoning, parks, economic development, and libraries.

Although many boards and commissions are advisory, their influence and value can be significant. They make recommendations on a wide range of topics that come before the City Council. Several boards and commissions are quasi-judicial, which means the Council has delegated some portion of its legislative authority to a citizen board.

City Secretary Alice Holloway is available to answer any questions that you may have or provide any assistance that you may need in processing your application to the Pilot Point City Council.

Mrs. Holloway can be reached at 940/324-5025 or aholloway@cityofpilotpoint.org.

The Board and commissions Application form for all boards, commissions, and committees can be viewed from the City's website at www.cityofpilotpoint.org. Click on Volunteer Opportunities tab , then click on Boards & Commissions Application. Information may also be obtained from the City Secretary's Office, City Hall, 102 East Main Street.
