In Memory Trees and Beautiful Tree Gifts

Welcome to Seeds of Life. From our 100-acre family-owned farm, we are honored to provide your loved ones with unique, living gifts that will grow and evolve for generations.

When you choose to send a tree as a gift, what you are really giving is a growing memory, a lasting reminder of the occasion, person, or celebration that the tree was planted to commemorate. Tree gifts are an ideal way to mark the happiest, most heartfelt occasions in life. Whether you're marking the passing of a beloved pet or celebrating a new marriage, memorial tree gifts are a beautiful way to provide your friends and family with lasting, personal reminders of their most important moments.

Each of the **"In Memory" gifts** sent by Seeds of Life is attentively and lovingly grown at our family farm. Each memorial tree gift has its own established root system and is carefully selected to thrive in the climate which it is sent to. We work hard to ensure that the memory trees that we grow arrive healthy, beautiful, and ready to be successfully planted and grown. In fact, if your tree fails for whatever reason within the first six months, we will replace it free of charge. This happens very rarely, though, due to the care we take raising, selecting, and packaging our memorial tree gifts.

Send a Tree as a Gift to Celebrate Life's Greatest Events

A memory tree is a thoughtful and original way to commemorate any number of important life events.

- **Send a tree in memory of a lost loved one** or as **gifts in memory of anniversaries**.
- Give memory trees to your parents on **Mother's Day** or **Father's Day** -- Oprah suggested Seeds of Life for this purpose in her 2012 Mother's Day Gift Guide: "A Breath of Fresh Air."
- Send an "In Memory" tree to mark important occasions like a move to a **new home**, a **wedding day**, or the **birth of a child**.
- When a family pet passes on, a **pet memorial tree** is a tasteful way to celebrate the joy that pet brought you and your family.

Whatever you have to celebrate or remember, a beautifully packaged and lovingly planted "In Memory" tree is a wonderful way to do it.

Browse Seeds of Life to find a wide variety of trees that can be given as gifts in memory of life lost, love found, and families created. Let us help you remember life's most important moments with a living, breathing gift that will blossom and grow for generations to come.

CREATE A LIVING MEMORIAL

Plant Memorial Trees in National Forests to honor the life of friends or loved ones.

Trees make a perfect memorial gift, and let you express your sympathy and condolences for the losses of friends and loved ones in a unique and spiritual way. The gift of a memorial tree or grove is enduring, symbolic, and will grow stronger and blossom with life, year after year. It is gift of Life which helps support and heal both those who receive it as well as our planet.

All trees planted in U.S. National Forests are planted through programs established by, and under the supervision of, the U.S. Forest Service.*

Why give trees as gifts and memorials?

Forest fires claim hundreds of thousands of acres of our nation's woodlands every year. The U.S. Forest Service is too under-funded to react to these devastating events and cannot begin to restore these areas without your help. In your honoree's name, you can participate in programs which will replant seedlings in scorched and damaged areas and kickstart nature's own healing process and ensure that future generations will be able to fully enjoy of our nation's wilderness areas. **The time to plant is now!**

Help us change this. . .

Back into this

We make your gift stand out.

We believe our gift package sets us above and apart from all others. We make all our gift packages by hand and create a very elegant framed card you would be proud to display. We add in an additional personal note card, in its own little kraft paper envelope, for your special sentiments and then go the extra mile by including a small metal tree charm and mailing everything to your recipient in a rigid cardboard mailer. All materials are recycled and all that is standard whether you plant 1 tree or 100. We usually process and ship orders within 2 business days, and can often make custom card variations, if requested at the time of the order. We also make it easy to order additional keepsake charms or to have additional card packages sent to other recipients (like family members, etc.) It's the extra effort and customer service which makes The Trees Remember the premier site for planting trees in our National Forests.
